

24th Calhoun HERD Program - Report 2

January 24, 2024

To: HERD Consignors and Buyers

From: Jason Duggin Jason Duggin, Extension Beef Specialist

We had a very reproductive evaluation day with Dr. Brad Heins of UGA Veterinary Medicine. Of the 77 heifers examined, there were 3 heifers with an RTMS of 1, 4 heifers with a Pelvic Area of less than 140cm². There was also 1 freemartin. We are excited about this group and looking forward to how they develop.

The heifers have been on 11 lbs. of feed since the sub-freezing temps moved in. They still averaged 1.62 lbs. per day since the last weigh day and seem to be doing very well considering all the weather variables. Thanks to the agents that made the trip for the work day and to the NWGA REC for their work to get everything set up and ready to go!

Calhoun HERD Future Dates of Interest:

- Feb 26 - Time Breeding
- Mar 26 - Blood test for AI pregnancy
- May 25 - Ultrasound for pregnancy
- May 29 - Calhoun HERD Sale

UGA Beef Upcoming Events:

- March 6 - Tifton Bull Test Sale, 66th Annual
- April 16 - Tifton HERD Sale
